

# IT'S NOT JUST CRAYONS! INNOVATION IN THE ART ROOM

All Saints Catholic School, Norwalk

2023-2024  
PROJECT UPDATE

Grant Amount: \$7,500  
Project Cost: \$8,717

400 Students Impacted  
PreK - Grade 8

**PURPOSE:** To equip the art room with 21st century technology such as an interactive Smart TV, green screen, iPads with stylus and cameras.

**IMPACT:** Students can now create art in a totally new way! iPads allow real time photo reference and cameras are now available to not only the yearbook staff, but as a classroom tool for photography lessons. Teaching digital art is now a breeze because students can see instructions on a Smart TV big screen and in real time. They now understand that digital art and photography have just as much impact in the art world as drawings and paintings. Students love the new technology and always want to use it. They are more engaged and it has raised the bar for artwork submitted.

**FUTURE PLANS:** This project will surely continue and be updated to incorporate new technology.
